Should I assume OT-1 in the North Tank Farm wasn't sampled either?

Beth:

There was so little volume in the tank that no sample was taken. It is probably sludge which will have to be removed and then sampled for disposal as bulk. Most of the sludge will be done this way anyway.

See the tank spreadsheet with volumes.

Gary,

Good morning, am I missing the boat here or do we not have data on South Tank 4?

Thanks,
